### INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners Redwood Region Economic Development Commission Eureka, California

### Report on the Audit of the Financial Statements

### **Opinions**

We have audited the accompanying financial statements of the governmental activities and each major fund of Redwood Region Economic Development Commission (the "Commission") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

### Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Commission as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with the financial reporting provisions of the Economic Development Administration as described in Note 2.

### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Commission as of June 30, 2022, or the changes in its financial position for the year then ended.

### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Commission, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse audit opinions.

### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2, the Commission prepares its financial statements on a regulatory basis of accounting that demonstrates compliance with the administrative requirements and procedures that apply to Revolving Loan Fund grants funded by the Economic Development Administration under Title IX of the Public Works and Economic Development Act of 1965, as amended, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 2 and accounting principles generally accepted in the United States of America are presumed to be material.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Economic Development Administration, as describe in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
  include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Commission's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
  raise substantial doubt about the Commission's ability to continue as a going concern for a
  reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on page 04 through 14 and budgetary comparison information on page 43 through 46 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Commission's basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 *U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the financial statements as a whole.

The Organization schedule has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 15, 2023, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control over financial reporting and compliance.

Harshwal & Company LLP

San Diego, California February 15, 2023

#### I. INTRODUCTION

### a. Background

Redwood Region Economic Development Commission (RREDC) is a Joint Powers Authority formed in 1977. RREDC was formed to distribute funds granted to Humboldt County by the U.S. Department of Commerce, Economic Development Administration (EDA). A portion of these funds, approximately \$2.9 million, was held by RREDC to create a revolving loan fund (RLF) to provide loans to small businesses in Humboldt County; this fund continues to this day. RREDC manages three additional "operational funds," including 3 RLFs created by subsequent grants from the U.S. Department of Housing and Urban Development (HUD) and the EDA, and a General Fund, which receives income from other RREDC activities. Periodically, RREDC also administers grant funds from a variety of sources for special projects.

Historically, RREDC has not received direct support for its operations. All revenue had been derived from the operation of its loan programs, fees for service, and income from its facility. However, in this fiscal year, RREDC did receive a grant to fund operations from the EDA through the CARES Act in response to the COVID-19 pandemic.

### b. Financial Highlights-FY 2022

- Total net position on June 30, 2022, was \$11,389,621 an increase of \$1,426,467 from June 30, 2021.
- Total revenues were \$877,569. Loan interest and fees accounted for \$552,525 or approximately 63% of all revenues. CARES Act program support from the Economic Development Administration was \$248,975 or 28%. Rent and other fees for service totaled \$58,942 or 7%. Interest earned on investments totaled \$17,127 or 2%.
- Total expenditures for the year, not including net position adjustments, were \$545,826. Salaries and employee benefits were the largest expenditure at \$338,152 or 62% of total expenditures. Rent was the second highest expenditure at \$49,302 or 9%. The next largest expenditure was airline recruitment at \$36,928 or 7%.
- Excess of revenues over expenditures was \$331,743 or 38% of revenues.

### **Using this Annual Report**

### a. The Statement of Net Position and Statement of Activities

This annual report consists of a series of financial statements. The Statement of Net Position and Statement of Activities on pages 17 and 18 provide information about the activities of RREDC.

Individual fund financial statements start on page 20. These statements provide more detail on individual fund balances and how dollars were spent in individual programs of RREDC. These statements do not contain Capital assets or depreciation. Capital Assets and Accumulated Depreciation are shown on page 21.

Page 22 shows the revenues and expenditures for the agency, delineated by the four major activities of RREDC.

Page 24 includes the Statement of Fiduciary Net Position (Regulatory Basis) for the part of the Headwaters Fund that RREDC uses to make loans. While RREDC is responsible for servicing these loans and reporting performance to the Headwaters Fund, we do not hold significant cash. Each month, cash received for Headwaters Fund loans is transferred to the County of Humboldt.

### b. RREDC's Individual Funds

RREDC has four operational funds that form the core of our program. Three of these funds are Revolving Loan Funds (RLF) capitalized by the EDA and the fourth is the RREDC "General Fund". These four funds are reported as major funds in the individual fund financial statements. In addition to these three funds, RREDC will, from time to time, create additional nonmajor funds to manage grant-sponsored programs. Typically, these grants are managed on behalf of other entities and do not have a significant impact on the overall financial status of the organization.

The three RLFs were created by grants from the federal government. The EDA RLF was created in 1978. To survive over time, this fund must generate enough revenue through operations to cover all expenditures and return excess revenues to the fund. Operations are centered in the making of loans to small businesses unable to obtain credit through traditional lenders. Loan interest and fees account for approximately 95% of total revenue to these RLFs.

During the 2017 fiscal year, the U.S. Economic Development Administration awarded RREDC a grant to create a new revolving loan fund. This fund is noted as "EDA2." Grant funds are drawn at the time of funding of a loan and are shown as fund balance adjustments rather than revenue per the requirements of the EDA.

During the 2021 fiscal year, the U.S. Economic Development Administration awarded RREDC a grant to create a new revolving loan fund. This fund is noted as "EDA3." As above, grant funds are drawn at the time of funding of a loan and are shown as fund balance adjustments rather than revenue per the requirements of the EDA. In addition to funds to create a new loan fund, the EDA also provided direct operational support. These revenues are shown as "EDA program support" in the Statement of Revenues, Expenditures, and Changes in Fund Balance.

The General Fund is a discretionary fund. The largest single source of revenue for this fund is rental income from sub-leases of space at the RREDC facility (The Prosperity Center 520/530 E Street in Eureka). This is followed by income from our Headwaters Fund loan activity. Other revenues include reimbursement for airline recruitment expenditures, non-EDA loan interest, fees for service and grant revenues for specific projects.

Historically, RREDC's core programs are self-supporting and receive no direct public support. However, in FY2021, RREDC did receive direct operational support via the CARES Act. This money was granted to RREDC by the EDA as noted above.

RREDC has fiduciary responsibility for certain loans made from the Headwaters Revolving Loan Fund (HWF). In July 2003, RREDC executed a contract with the County of Humboldt that allows RREDC to make loans from the Headwaters Fund. Essentially, RREDC draws from the HWF and is responsible for returning all principal and sixty percent of the interest collected back to the HWF. Under that contract, RREDC retained forty percent of the collected interest as compensation for making and servicing the loans.

In April 2014, the County of Humboldt signed an agreement with RREDC for participation in the Headwaters Fund. Since the signing of that agreement, RREDC receives the following compensation from the Headwaters Fund (note that "Participant" refers to the Headwaters Fund and "Lender" refers to RREDC):

• If the total loan is less than \$300,000, thirty-five percent (35%) of interest collected on the Participating Interest as a Service Fee. As of the date of this contract, new loans underwritten in the amount of \$300,000 or less cannot exceed 25% of the total Participant's portfolio, unless with prior consent of Participant.

- If the total loan is greater than \$300,000, one percent (1%) will be collected on the unpaid balance as a Service Fee.
- Non-interest late charges arising in connection with the Participation Loan, but only after all interest payments are brought current.
- Origination fees and related charges received by Lender in connection with the Participation Loan.

RREDC also had fiduciary responsibility for loans made with the participation of the Humboldt Area Foundation and City of Fortuna. These are shown as "Note payable, from other lenders" on the liabilities section of the RREDC Statement of Net Position. While they are shown as a liability, these are "non-recourse" meaning that RREDC is not responsible to reimburse third-party lenders beyond what is collected through loan payments or collateral liquidation.

### II. FINANCIAL PERFORMANCE FOR FISCAL YEAR 2022

### **Net Position**

RREDC's net position increased by \$1,426,467 from one year ago. Table 1 below compares the current statement of net position to that of the previous year.

### Discussion of Budget vs. Actual Revenues and Expenditures

### **RREDC Revolving Loan Funds**

RREDC creates a budget for each of its operational funds. The RLF budgets are predicated on estimates of annual lending, notes receivable balances, average interest rates on loans and investments, and expenditures. Revenue and expenditures directly attributable to loan activity can vary significantly from predictions made during the budget process.

Tables 5, 6, 7, and 8 on the following pages show the budget-to-actual revenue and expenditures for the three EDA loan funds.

## TABLE 5

## **Budget vs Actual Revenues and Expenditures**

### **EDA Revolving Loan Fund**

|  | Budget  | t Actual   | Variance   |
|--|---|--|--|

### **RREDC General Fund**

The general fund budget is largely made up of revenue from rents, loan fund revenue, and other services related to the operation of the RREDC facility. In addition, fees charged for direct services are accounted for in this fund. Funds for grant pass-through are not included in the annual agency budget because expenditure of these funds are generally influenced by third parties and these grants are either revenue neutral or provide only a small net income to RREDC. Net income from these grants is typically shown as "other revenue" for the RREDC general fund.

### III. RREDC OPERATIONAL RESULT

#### a. 2023 Result

RREDC has the challenge of meeting its mission of providing reasonably priced higher risk capital to local small businesses and generating enough income to operate and grow its programs. This challenge was especially acute in FY 2021 and FY 2022 with the continuing economic uncertainty due to the COVID-19 pandemic. In addition, in March 2020, the COVID -19 Shelter-In-Place order led to significant operational challenges for the organization and cash flow challenges for our customers. RREDC adapted quickly by setting up systems that allowed remote work and implementing, with funding partners, an emergency bridge loan program for businesses severely impacted by the pandemic. Near the end of the 2020 fiscal year, we received word from the EDA that we would be awarded a \$5.093 million grant which would recapitalize our EDA revolving loan fund program and provide critical operating support. This allowed the organization to be very flexible in meeting our customers' needs during this trying time.

The EDA Fund had net revenues over expenditures of \$139,645, which was \$(30,402) lower than budgeted. It should be noted that this fund had an operational deficit of \$17,659. This operational deficit was the result of minimal loan activity during the year as RREDC focused its new lending in the "EDA 3" fund. This was necessary to ensure that RREDC was able to fully draw the EDA CARES Act grant by the deadline of June 30, 2022. The EDA fund continues to concentrate on larger, better secured loans, which is necessary to ensure its continued operation and growth. We have been successful over the past years in reducing the amount of loss as a percentage of loans made. We continue to make higher risk loans to businesses not able to secure other financing. Meeting our goal of operating the fund in such a way that it consistently generates a net return requires us to contain expenditures, limit loan losses, and expand our lending base. It should be noted that the federal government released its interest in this fund on July 1, 2021.

The EDA 2 fund showed net revenues over expenditures of \$52,606, which was \$(40,960) lower than budgeted. As with the EDA fund discussed above, this net revenue was largely the result of additional operational support from the EDA CARES Act grant. Without that support, the fund would have had net operational revenue of \$7,282. New Loan activity in this fund was minimal as RREDC focused its lending in the CARES Act-funded EDA 3 fund.

The EDA 3 fund was created with the CARES Act grant outlined above. This fund had a total net revenue of \$275,008. This fund also had a fund balance adjustment of \$1,098,500, which represents funds drawn from the grant award to fund new loan disbursements.

The General Fund, which now includes "RREDC Loan Fund" experienced a net return of \$(537) Costs for supporting airline service development activities for the County of Humboldt were the primary contributor to this operating loss. These expenses will reduce over time as RREDC seeks to transition these activities to the County of Humboldt. Finally, in FY 22, RREDC closed the "Prosperity Center for Business," which was a one stop center for economic and business development activities. Savings from closing this center will improve the performance of the General Fund.

While RREDC prepares budgets for each fund, actual revenues and expenses for each will vary depending on the level of loan activity in each fund. RREDC management will allocate loan activity amongst funds according to available cash, risk management, and other factors.

### b. Factors Affecting Results

The COVID-19 pandemic and the public health measures taken to combat the spread of the disease created great uncertainty for RREDC and its borrowers. However, the operational support provided by the CARES Act grant allowed RREDC greater flexibility in assisting our customers with payment deferrals and other measures to ensure their continued operation. In addition, RREDC did experience significant new lending, which was made possible by the recapitalization funds provided by the CARES Act and local partners. As a result, we did not experience any loan losses during this fiscal year and were able to issue \$3,624,842 in new loans.

However, certain businesses in the RREDC portfolio continue to struggle to recover from the covid pandemic and management expects loan losses in FY 2023. However, these losses should represent a relatively small proportion of the overall portfolio.

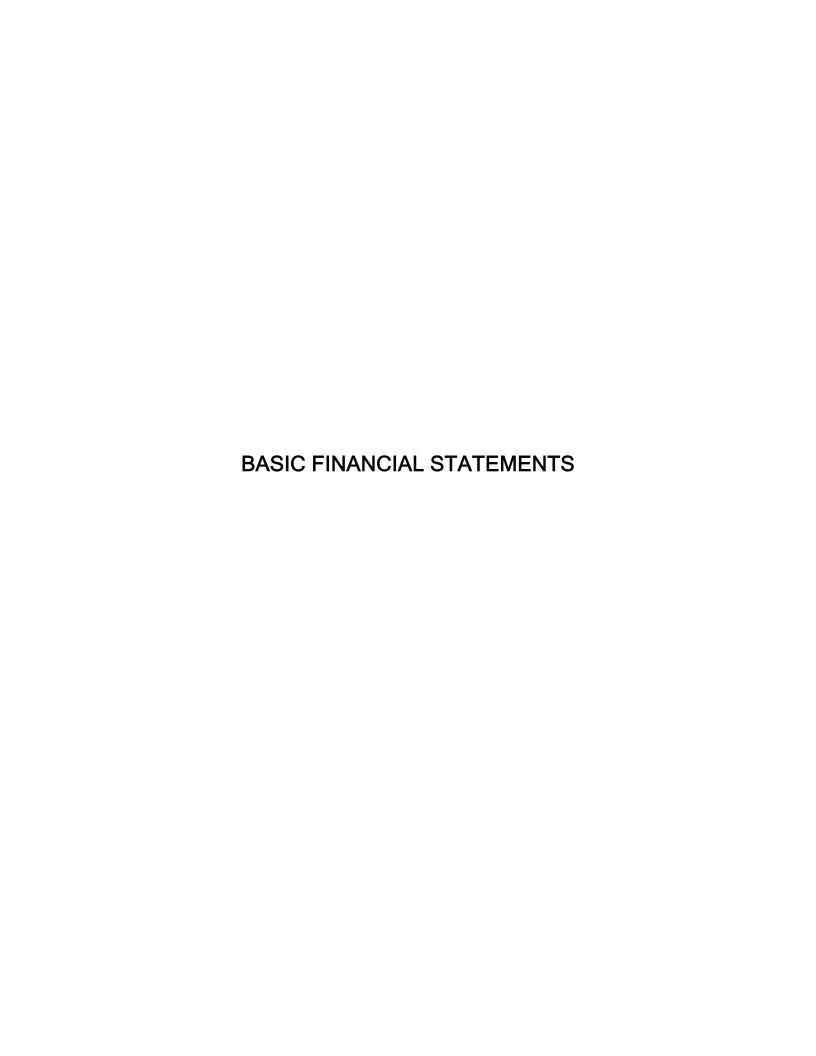

### IV. FINDINGS AND QUESTIONED COSTS

Findings and guestioned costs are outlined in page 57. This year there were no finding during the year.

### V. REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of RREDC's finances for those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to:

Gregg Foster, Executive Director, Redwood Region Economic Development Commission 520 E Street, Eureka, CA 95501.

### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. Reporting Entity

The Redwood Region Economic Development Commission (the "Commission") was established on November 1, 1977 under a Joint Exercise of Powers Agreement between the nineteen public agencies listed in the supplemental information section of these financial statements. The Commission was created to aid, assist, and coordinate the formulation, administration, and implementation of an Economic Development Action Plan and Strategy for Humboldt County, California, in accordance with the purpose and intent of the Special Economic Development and Adjustment Assistance Program enacted by Congress in 1974 as Title IX of the Public Works and Economic Development Act of 1965, as amended. The Commission was empowered to establish appropriate operating and advisory committees to assist the Commission in carrying out the foregoing purpose and to assist the Commission in the implementation of economic development projects and programs to improve the quality of life in the area.

The Commission's combined financial statements include the accounts of all Commission operations. The criteria for including organizations as component units within the Commission's reporting entity, as set forth in Section 2100 of the Governmental Accounting Standards Board's (GASB) Codification of Government Accounting and Financial Reporting Standards, include whether:

- 1. The organization is legally separate.
- 2. The Commission holds the corporate powers of the organization.
- 3. The Commission appoints a voting majority of the organization's board.
- 4. The Commission is able to impose its will on the organization.
- 5. The organization has the potential to impose a financial benefit/burden on the Commission.
- 6. There is fiscal dependency by the organization on the Commission.

Based on the aforementioned criteria, the Commission has no component units.

### **B.** Accounting Policies

The accounting and reporting policies of the Commission relating to the funds included in the accompanying financial statements follow a regulatory basis of accounting that demonstrates compliance with administrative requirements and procedures that apply to Revolving Loan Fund grants funded by the Economic Development Administration (EDA) under Title IX of the Public Works and Economic Development Act of 1965, as amended. These policies differ from generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board and the American Institute of Certified Public Accountants.

### C. Fund Accounting

The accounts of the Commission are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows, liabilities, deferred inflows, fund equity, revenues, and expenditures, as appropriate. Commission resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The Commission's accounts are organized into major and nonmajor funds as follows:

### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

### **Major Governmental Funds:**

<u>General Fund</u> is the general operating fund of the Commission. It is used to account for all financial resources except those required to be accounted for in another fund, including the Commission's non-EDA micro-loan program, airport and airline recruitment support, and non-federal grant pass-through activity.

<u>EDA Revolving Loan Fund</u> is used to account for receipts and disbursements of Economic Development Administration revolving loan fund grant monies that were granted to the Commission in 1977 under EDA Award Number 07-19-02074.

<u>EDA2 Revolving Loan Fund</u> is used to account for receipts and disbursements of Economic Development Administration revolving loan fund grant monies that were granted to the Commission in 2017 under EDA Award Number 07-79-07332.

<u>EDA3 Revolving Loan Fund</u> is used to account for receipts and disbursements of Economic Development Administration revolving loan fund grant monies that were granted to the Commission in 2020 under EDA Award Number 07-79-07594.

### **Fiduciary Funds:**

<u>Agency Funds</u> are used to account for assets of others for which the Commission acts as an agent. The Commission maintains one agency fund.

<u>Headwaters Revolving Loan Fund</u> is used to account for receipts and disbursements of the Humboldt County Headwaters revolving loan funds.

### D. Basis of Presentation

Government-wide Financial Statements:

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non fiduciary activities of the Commission.

The government-wide financial statements are prepared using the economic resources measurement focus. This differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide financial statements and the statements for the governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the Commission's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. The Commission does not allocate indirect expenses to functions in the Statement of Activities. Program revenues include charges paid by the recipients of goods or services offered by a program, as well as grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Commission, with certain exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Commission.

### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

### **Fund Financial Statements:**

Fund financial statements report detailed information about the Commission.

The focus of governmental fund financial statements is on major funds, rather than reporting funds by type. Each major governmental fund is presented in a separate column, and nonmajor funds, if any, are aggregated into one column.

The accounting and financial treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances for these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

### E. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting.

### Revenues - Exchange and Non-exchange Transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded under the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Available" means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Commission, "available" means collectible within the current period or within 60 days after year-end.

Non-exchange transactions, in which the Commission receives value without directly giving equal value in return, include grants and entitlements. Under the accrual basis, revenue from grants and entitlements is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are to be used or the fiscal year when use is first permitted; matching requirements, in which the Commission must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the Commission on a reimbursement basis. Under the modified accrual basis, revenue from non exchange transactions must be available before it can be recognized.

### Unearned revenue:

Unearned revenue arises when assets are received before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are recorded as unearned revenue.

### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

### E. Basis of Accounting - Cont'd

### Expenses /Expenditures:

On the accrual basis of accounting, expenses are recognized at the time a liability is incurred. On the modified accrual basis of accounting, expenditures are generally recognized in the accounting period in which the related fund liability is incurred, as under the accrual basis of accounting. However, under the modified accrual basis of accounting, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

When both restricted and unrestricted resources are available for use, it is the Commission's policy to use restricted resources first, then unrestricted resources as they are needed.

### F. Budgets and Budgetary Accounting

Annual budgets are adopted for the EDA Revolving Loan Fund and the EDA2 Revolving Loan Fund on the basis of accounting used by those funds. An annual budget is adopted for the General Fund consistent with generally accepted accounting principles for governmental fund types. The following procedures are followed in establishing the budgetary data reflected in the financial statements:

- 1. During or before March of each year, the Executive Director prepares and submits a budget for the succeeding fiscal year beginning July 1.
- 2. After a ten-day public notice of the public meeting has been given, the Board of Directors conducts a public hearing on the proposed budget.
- 3. Prior to May 1 of each year, the Board of Directors adopts the budget as submitted or as revised by the Board of Directors. All annual appropriations lapse at fiscal year-end.

### G. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Fund Balances

### 1. Deposit and Investments

Cash balances held in banks are insured up to \$250,000 by the Federal Depository Insurance Corporation. All cash held by financial institutions is fully insured or collateralized.

The Commission maintains a significant portion of its cash in the Humboldt County Treasury. The County pools these funds with those of other government entities in the County and invests the cash. These pooled funds are carried at cost which approximates market value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

The County is authorized to deposit cash and invest excess funds by California Government Code Section 53648 et seq.

The Humboldt County Treasury has no investments in derivatives.

The Commission does not have a specific policy which relates to interest rate risk.

### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

### G. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Fund Balances - Cont'd

### 2. Prepaid Expenditures

The Commission has the option of reporting an expenditure in governmental funds for prepaid items either when purchased or during the benefiting period. The Commission has chosen to report the expenditures during the benefiting period.

### 3. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated acquisition value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. A capitalization threshold of \$2,500 is used. Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

| Asset Class                    | Estimated Useful Lives |
|--------------------------------|------------------------|
| Leasehold improvements         | 10                     |
| Office furniture and equipment | 5                      |

No interest was capitalized or expensed during the year ended June 30, 2022.

### 4. Unearned Revenue

The Commission recognizes unearned revenue when grant cash receipts precede qualified grant expenditures.

### 5. Deferred Inflows and Outflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until that future period. The Commission had no items that qualified for reporting in this category as of June 30, 2022.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that future period. The Commission had no items that qualified for reporting in this category as of June 30, 2022.

### 6. Compensated Absences

All accumulated unpaid vacation leave is recognized as a liability of the Commission when incurred in the government-wide financial statements. In governmental funds, the matured portion of the liabilities is recognized in the fund at year-end.

Accumulated sick leave benefits are not recognized as liabilities of the Commission since such benefits do not vest nor is payment probable. The Commission's policy is to record sick leave as an operating expense in the period taken.

### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

### G. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Fund Balances - Cont'd

### 7. Interfund Activity

Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the government-wide statement of activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net position.

### 8. Noncurrent Obligations

In the government-wide financial statements, noncurrent debt and other noncurrent obligations are reported as liabilities in the statement of net position. In the fund financial statements, governmental funds report the face amount of the debt issued, premiums, or discount as other financing sources/uses.

### 9. Fund Balances - Governmental Funds

Fund balances of the governmental funds are classified as follows:

**Nonspendable** - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

**Restricted** - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

**Committed** - amounts that can be used only for specific purposes determined by a formal action of the Commission's Governing Board. The Commission's Governing Board is the highest level of decision making authority for the Commission. Commitments may be established, modified, or rescinded only through resolutions approved by the Governing Board.

**Assigned** - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the Commission's adopted policy, only the Governing Board may assign amounts for specific purposes.

**Unassigned** - all other spendable amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Commission considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Commission considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Commission's Governing Board has provided otherwise in its commitment or assignment actions.

### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

### G. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Fund Balances - Cont'd

### 10. Net Position

Net position is classified into three components: net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

**Net investment in capital assets** - This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

**Restricted** - This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

**Unrestricted net position** - This component of net position consists of net position that does not meet the definition of "net investment in capital assets" or "restricted".

When both restricted and unrestricted resources are available for use, it is the Commission's policy to use restricted resources first, then unrestricted resources as they are needed.

### H. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

### NOTE 2 - DEPARTURES FROM GENERALLY ACCEPTED ACCOUNTING PRINCIPLES

The Commission has modified the basis of accounting for the EDA Revolving Loan Fund, EDA2 Revolving Loan Fund and the EDA3 Revolving Loan Fund in order to demonstrate compliance with requirements of the Economic Development Administration. The departures from accounting principles generally accepted in the United States of America include the following:

### a) Uncollectible Notes Receivable

Accounting principles generally accepted in the United States of America require that receivables be reported at their face value less an estimated amount that may become uncollectible. The Commission's practice, in accordance with requirements of the Economic Development Administration, is to write off notes receivable directly to the Revolving Loan Fund balance and net position when they are determined to be uncollectible.

### b) Investment Income from Collection Assets

Accounting principles generally accepted in the United States of America require that gains and losses on the sale and collection of assets be recorded as income or expense. The Commission's practice, in accordance with requirements of the Economic Development Administration, is to credit or charge these gains or losses to principal.

### c) Receipt of EDA Revolving Loan Fund Award Proceeds

Accounting principles generally accepted in the United States of America require that grant awards be recorded as revenue when they are measurable and available. The Commission's practice, in accordance with requirements of the Economic Development Administration, is to credit the receipt of EDA Revolving Loan Fund proceeds directly to fund balance and net position.

### **NOTE 3 - CASH AND INVESTMENTS**

Cash at June 30, 2022 consisted of the following:

|  | <u>U</u> | nrestricted | Restricted |         | Total           |
|--|----------|-------------|------------|---------|-----------------|
| Statements of net position and Governmental Funds - Balance sheet: |          |             |            |         |                 |
| Cash in banks  | \$       | 1,209,289   | \$         | 174,934 | \$<br>1,384,223 |
| Cash on hand   | _        | 100         |            | -       | <br>100         |
| Total cash on hand and in banks                                    |          | 1,209,389   |            | 174,934 | 1,384,323       |
| Pooled cash in County Treasury                                     |          | 2,096,352   |            | 372     | 2,096,724       |
| Sub-total  | \$       | 3,305,741   | \$         | 175,306 | <br>3,481,047   |
| Fiduciary funds:   |          |             |            |         |                 |
| Pooled cash in County Treasury                                     |          |             |            |         | 572             |
| Total cash and investment  |          |             |            |         | \$<br>3,481,619 |

### NOTE 3 - CASH AND INVESTMENTS - CONT'D

Cash balances held in banks are insured up to \$250,000 by the Federal Depository Insurance Corporation. All cash held by the financial institutions is fully insured or collateralized. Cash in banks at June 30, 2022 consisted of the following:

|               | Reported     | Bank         |
|---------------|--------------|--------------|
|               | Amount       | Balance      |
| Cash in Banks | \$ 1,384,223 | \$ 1,387,781 |
| Total         | \$ 1,384,223 | \$ 1,387,781 |

The bank balance is the balance prior to adjustment for items that had not yet cleared the bank as of June 30, 2022.

The Commission does not have a formal investment policy. The Commission maintains substantially all of its cash in the Humboldt County Treasury as part of the common investment pool. The County is restricted by Government Code Section 53635 pursuant to Section 53601 to invest in time deposits, U.S. government securities, State registered warrants, notes or bonds, State Treasurer's investment pool, banker's acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements.

### Fair Value Measurements

The Commission categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The three levels of the fair value hierarchy under generally accepted accounting principles are as follows:

Level 1 - inputs are quoted prices in active markets for identical assets or liabilities.

Level 2 - inputs include:

- a) Quoted prices for similar assets or liabilities in active markets:
- b) Quoted prices for identical assets or liabilities in inactive markets:
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - inputs are significant unobservable inputs.

As of June 30, 2022, the Commission held no individual investments. The Commission's fair value measurements were as follows at June 30, 2022:

| Investment Type                | <br>Fair Value  | Level |
|--------------------------------|-----------------|-------|
| Pooled Cash in County Treasury | \$<br>2,097,296 | 2     |

The Commission has not recorded fair value adjustments in the basic financial statements as they were determined to be immaterial to the Commission.

### NOTE 3 - CASH AND INVESTMENTS - CONT'D

### Credit Risk - Investments

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

The County Treasurer's investments consist of 47.65 percent federal agencies, 29.76 percent money markets, 1.38 percent municipal bonds, 15.68 percent treasury coupons, 2.38 percent medium term notes, and 1.34 percent certificates of deposit. The S & P credit ratings for these investments include AAA, AA, A+e, and Ae, and non-rated for certificates of deposit and the California State Treasurer's local agency investment fund.

### Custodial Credit Risk - Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the Commission will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that in the event of a failure of the counter party (e.g. broker-dealer) to a transaction, the Commission will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Neither the California Government Code nor the County's investment policy contains legal or policy requirements that would limit the Commission's exposure to custodial credit risk for deposits or investments, except that the California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law. The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure Commission deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits. As of June 30, 2022, none of the Commission's deposits were exposed to custodial credit risk.

### Interest Rate Risk - Investments

Interest rate risk is the measurement of how changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the more sensitive to changes in market interest rates of its fair value. One of the ways the County of Humboldt Treasurer manages its exposure to interest rate risk is by purchasing a combination of short-term and long-term investments and by timing cash flows from maturities so a portion of its portfolio is maturing or coming close to maturity to ensure the cash flow and liquidity of operations. The weighted average maturity of the County of Humboldt Treasurer's investments is 688 days.

### **NOTE 4 - INTERFUND TRANSACTION**

### Interfund Receivables /Payables

Interfund balances at June 30, 2022 consisted of the following individual fund receivables and payables:

|                          | _R | <u>eceivables</u> | <u>Payables</u> |
|--------------------------|----|-------------------|-----------------|
| General fund             | \$ | 21,681            | \$<br>-         |
| EDA revolving loan fund  |    | 262,035           | -               |
| EDA2 revolving loan fund |    | 37,570            | 53,548          |
| EDA3 revolving loan fund |    | 67,359            | <br>335,097     |
| Total                    | \$ | 388,645           | \$<br>388,645   |

Interfund receivables and payables are generated due to timing difference between when cash is transferred between funds and when actual accruals for accrued interest and expenditures and loan disbursements are recorded.

### Interfund Transfer

Interfund transfers for the year ended June 30, 2022, consisted of the following:

| Transfer In  | Amount |       | Transfer Out            | Amount      |  |
|--------------|--------|-------|-------------------------|-------------|--|
| General Fund | \$     | 4,404 | EDA Revolving Loan Fund | \$<br>4,404 |  |
| Total        | \$     | 4,404 |                         | \$<br>4,404 |  |

#### NOTE 5 - NOTES RECEIVABLE

EDA, EDA2 and EDA3 Revolving Loan Funds: Notes receivable in these funds consist of loans made through the revolving loan program funded by the Economic Development Administration (EDA). These loans must meet the criteria of the Revolving Loan Plan Guidelines approved by the EDA. Among other requirements, borrowers must demonstrate the inability to obtain financing through commercial sources. Consequently, loans made are likely to have higher risk of default than loans made by commercial lending institutions.

General Fund RREDC Micro-loans: Notes receivable in the General Fund consist of loans made through a supplement to the revolving loan program, initially funded by a grant from the Department of Housing and Urban Development and subsequently funded by the Commission with funds remaining to the Commission after the grant was closed out in the year 2000. Loans are issued in accordance with the Commission's Revolving Loan Plan Guidelines. Borrowers must demonstrate the inability to obtain financing through commercial sources. Consequently, loans made are likely to have higher risk of default than loans made by commercial lending institutions.

<u>Headwaters Revolving Loan Fund</u>: Notes receivable in this fund consist of loans made through the revolving loan program funded by the County of Humboldt Headwaters Fund. These loans must meet the criteria of the Humboldt County Headwaters Fund Revolving Loan Lender Manual. Among other requirements, borrowers must demonstrate the inability to obtain financing through commercial sources. Consequently, loans made are likely to have higher risk of default than loans made by commercial lending institutions.

Under the terms of the agreement with the Humboldt County Headwaters Fund dated May 21, 2010, all principal collections on notes issued pursuant to this agreement, and 60 percent of interest collections, are payable to the Humboldt Headwaters Fund. The remaining 40 percent of interest collections are retained by the Commission as a fee for servicing the loans.

### NOTE 5 - NOTES RECEIVABLE - CONT'D

An updated agreement was entered into on April 8, 2014. The terms of the new agreement with the Humboldt County Headwaters Fund provide that for loans less than \$300,000 the Commission receives 35 percent of interest collected on the loan as a service fee. Loans under \$300,000 cannot exceed 25 percent of the total loan portfolio under this new agreement. For loans over \$300,000, the Commission's service fee consists of one percent of the unpaid loan balance.

A notes payable amount equal to the notes receivable balance less the capitalized interest due to the Commission is reflected in the Commission's financial statements.

<u>Covid-19 Bridge Loans Funded by Other Entities:</u> These notes receivable, accounted for in the Commission's General Fund, consist of loans made from funding provided by other governmental and non-profit entities in response to the Covid-19 pandemic. These loans were provided to allow basic business operations while a customer is applying to the U.S. Small Business Administration or other entity for long-term disaster relief.

A notes payable amount equal to the notes receivable balance plus any undisbursed funds received from the other governments and non-profits is reflected in the Commission's financial statements.

Following is a summary of changes in the notes receivable for the fiscal year ended June 30, 2022:

|  |                                       |                                 |                                       | General Fund                      |                                    |   |  |  |  |  |
|--|---------------------------------------|---------------------------------|---------------------------------------|-----------------------------------|------------------------------------|---|--|--|--|--|
|  | EDA<br>Revolving<br><u>Loan Fund</u>  | EDA 2<br>Revolving<br>Loan Fund | EDA 3<br>Revolving<br>Loan Fund       | RREDC<br>Micro-<br>Loans          | Covid-19<br>Bridge<br>Loans        | Headwaters<br>Revolving<br><u>Loan Fund</u> |  |  |  |  |
| Balance, June 30, 2021<br>Loans disbursed<br>Principal payments received | \$2,815,253<br>1,006,961<br>(601,390) | \$ 434,666<br>-<br>(15,136)     | \$3,013,604<br>1,619,802<br>(328,139) | \$ 226,626<br>22,000<br>(143,587) | \$ 506,353<br>180,307<br>(195,346) | \$2,115,330<br>679,740<br>(489,232)         |  |  |  |  |
| Adjustments Receivable for EDA3 from EDA                                 | -<br>                                 | -<br>                           | 24,627                                | <u> </u>                          | -<br>                              | <u> </u>                                    |  |  |  |  |
| Balance, June 30, 2022   | \$3,220,824                           | \$ 419,530                      | \$4,329,894                           | \$ 105,039                        | \$ 491,314                         | \$2,305,838                                 |  |  |  |  |

#### **NOTE 6 - COLLECTION ASSETS**

Collection assets are notes receivable that have become delinquent and are in various stages of collections. At the time collection efforts are intensified, the note balance is written off of the notes receivable account and reclassified as collection assets. In some cases, property on which the Commission has foreclosed to collect on the note is included in the collection assets account. Additional costs, including attorney's fees, are capitalized in the collection assets account. At June 30, 2022, there were no collection assets.

### **NOTE 7 - CAPITAL ASSETS**

Capital assets activity for the period ended June 30, 2022, was as follows:

|   | Beginning<br>Balance |          | Increases                             |   | Decreases |   | <br>Ending<br>Balance |
|---|----------------------|----------|---------------------------------------|---|-----------|---|-----------------------|
| Governmental activities:                    |                      |          | · · · · · · · · · · · · · · · · · · · |   |           |   |                       |
| Capital assets being depreciated            |                      |          |                                       |   |           |   |                       |
| Improvements                                | \$                   | 46,595   | \$                                    | - | \$        | - | \$<br>46,595          |
| Office Equipment - EDA Funds                |                      | 10,781   |                                       | - |           | - | 10,781                |
| Office Equipment - General Fund             |                      | 19,182   |                                       |   |           |   | 19,182                |
| Total capital assets being depreciated      |                      | 76,558   |                                       |   |           |   | 76,558                |
| Less: accumulated depreciation for          |                      | (76,558) |                                       |   |           |   | <br>(76,558)          |
| Total accumulated depreciation              |                      | (76,558) |                                       |   |           |   | <br>(76,558)          |
| Governmental activities capital assets, net | \$                   | _        | \$                                    |   | \$        |   | \$<br>_               |

### NOTE 8 - NOTES PAYABLE - FUNDS FROM OTHER LENDERS

Notes payable for funds from other lenders consist of amounts provided to the Commission for the Covid-19 bridge loan program implemented by RREDC to allow basic business operation while a customer is applying to the U.S. Small Business Administration or other entity for long-term disaster relief related to the Covid-19 pandemic. The other lenders consist of other governmental and non-profit entities. The June 30, 2022 balance consisted of the following amounts:

| <br>Amount             |
|------------------------|
| \$<br>638,163<br>4.899 |
| \$<br>643,062          |
| \$                     |

### NOTE 9 - EXCESS OF EXPENDITURE OVER APPROPRIATIONS:

Excesses of expenditures over appropriations in individual major funds are as follows:

|                                       | <br>General<br>Fund | EDA<br>Fund  | . <u> </u> | EDA 2<br>Fund | <br>EDA 3<br>Fund |
|---------------------------------------|---------------------|--------------|------------|---------------|-------------------|
| Salaries and employee benefits        | \$<br>_             | \$<br>19,211 | \$         | _             | \$<br>_           |
| Rent                                  | 14,018              | 4,209        |            | 1,052         | _                 |
| Utilities                             | -                   | 708          |            | 177           | -                 |
| Insurance                             | -                   | 446          |            | 9             | -                 |
| Professional fees                     | 1,307               | 9,832        |            | -             | -                 |
| Contracted services                   | 263                 | 81           |            | -             | -                 |
| Supplies                              | -                   | 2,187        |            | 539           | -                 |
| Community education                   | 3,545               | 3,393        |            | -             | -                 |
| Telephone                             | -                   | 3,698        |            | 868           | -                 |
| Software purchase and support         | -                   | 6,283        |            | 1,461         | -                 |

### NOTE 10 - EMPLOYEE RETIREMENT PLAN

The Commission maintains a defined contribution retirement plan for the benefit of its employees under the provisions of Internal Revenue Code Section 457(b). The plan is administered through an independent insurance company. The Commission matches the employee's contribution, up to five percent of each participating employee's gross wages. The employee must contribute a minimum of three percent to receive a matching contribution from the Commission. For the year ended June 30, 2022, the Commission's total matching contribution was \$10,662.

There are no assets accumulated in a trust that meets the criteria described in paragraph 4 of GASB 73, *Accounting and financial reporting for Pensions and Related Assets.* 

### NOTE 11 - REFUNDABLE AIRLINE FUND DEPOSITS

The Commission is the lead agency in efforts to support and develop new air service to Humboldt County. The Commission has successfully recruited new service to Los Angeles and Denver International Airports. In order to begin service, the airlines require a minimum revenue guarantee fund, to be billed by the airline in the event that initial revenues for the airlines' new flights falls below required levels. The funds consist of contributions obtained from community business organizations, individuals, and local governments. The funds are maintained in separate restricted bank accounts, and the funds are reported in the Commission's financial statements as a liability for refundable airline fund deposits. The balance and activity in the accounts for the year ended June 30, 2022, were as follows:

| Balance, June 30, 2021                           | \$<br>207,136 |
|--|---------------|
| Additions: Contributions to fund Interest income | 170,928<br>3  |
| Reductions: Required transfer to airline         | <br>(202,761) |
| Balance, June 30, 2022                           | \$<br>175,306 |

### **NOTE 12 - RISK MANAGEMENT**

The Commission is exposed to various risks of loss related to torts, theft or destruction of assets, errors and omissions, and natural disasters. The Commission manages those risks of loss through commercial insurance. There have been no significant reductions in insurance coverage from the prior year. For each of the past three years, settlements did not exceed insurance coverage.

### NOTE 13 - FUND BALANCE AND NET POSITION ADJUSTMENTS

The Commission made the following adjustments to fund balance/ net position during the year ended June 30, 2022, in accordance with requirements of the Economic Development Administration's accounting policies for revolving loan programs:

|  | EDA 3        |
|--|--------------|
|  | Revolving    |
|  | Loan Fund    |
| Draws on new Revolving Loan Fund for EDA 3 | \$ 1,098,500 |
| Total adjustments                          | \$ 1,098,500 |

### **NOTE 14 - COMMITMENTS AND CONTINGENCIES**

### A. Federal Grants

The Commission received federal funds in prior years for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursement will not be material.

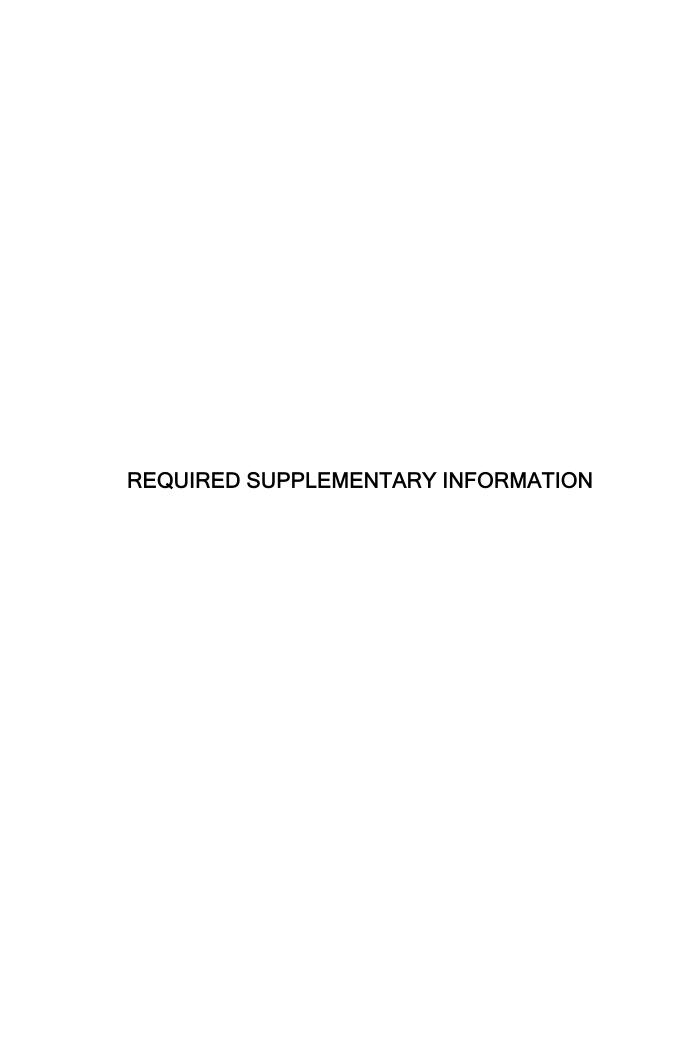

### NOTE 14 - COMMITMENTS AND CONTINGENCIES - CONT'D

### B. Pooled Cash in County Treasurer

A large portion of the Commission's cash is held in pooled cash accounts in the County of Humboldt Treasury. The County of Humboldt Auditor-Controller's Office has not finalized its accounting or closed the books for either the fiscal year ended June 30, 2021 or June 30, 2022. Therefore, the Commission has not been able to complete the final reconciliation between the Commission's June 30, 2022 cash balances and the County of Humboldt's final cash balances. The Commission has taken steps to reconcile the June 30, 2022 cash balances reported in the Commission's financial statements to the most recent information available from the Humboldt County Auditor-Controller's Office. However, since the Auditor-Controller's Office has not closed the books for the years ended June 30, 2021 or June 30, 2022, it is possible that the County could make adjustments to prior cash balances subsequent to the issuance of the Commission's June 30, 2022 audited financial statements. If any subsequent changes are made to the cash balances by the Auditor-Controller's Office, those changes will be reconciled and adjusted in either the County of Humboldt's records or the Commission's records as necessary, in the year ending June 30, 2023. The Commission does not anticipate any material changes to its June 30, 2022 reported cash balances.

### **NOTE 15 - SUBSEQUENT EVENTS**

Management has evaluated subsequent events through February 15, 2023, the date the financial statements were available to be issued. Management is not aware of any subsequent events that would require adjustment to, or disclosures in, the financial statements.

## REDWOOD REGION ECONOMIC DEVELOPMENT COMMISSION NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2022

### **NOTE 1 - BASIC OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Redwood Region Economic Development Commission and is presented on the accrual basis of accounting. The information in this Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principals, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

The Commission did not use the ten percent de minimis indirect cost rate.

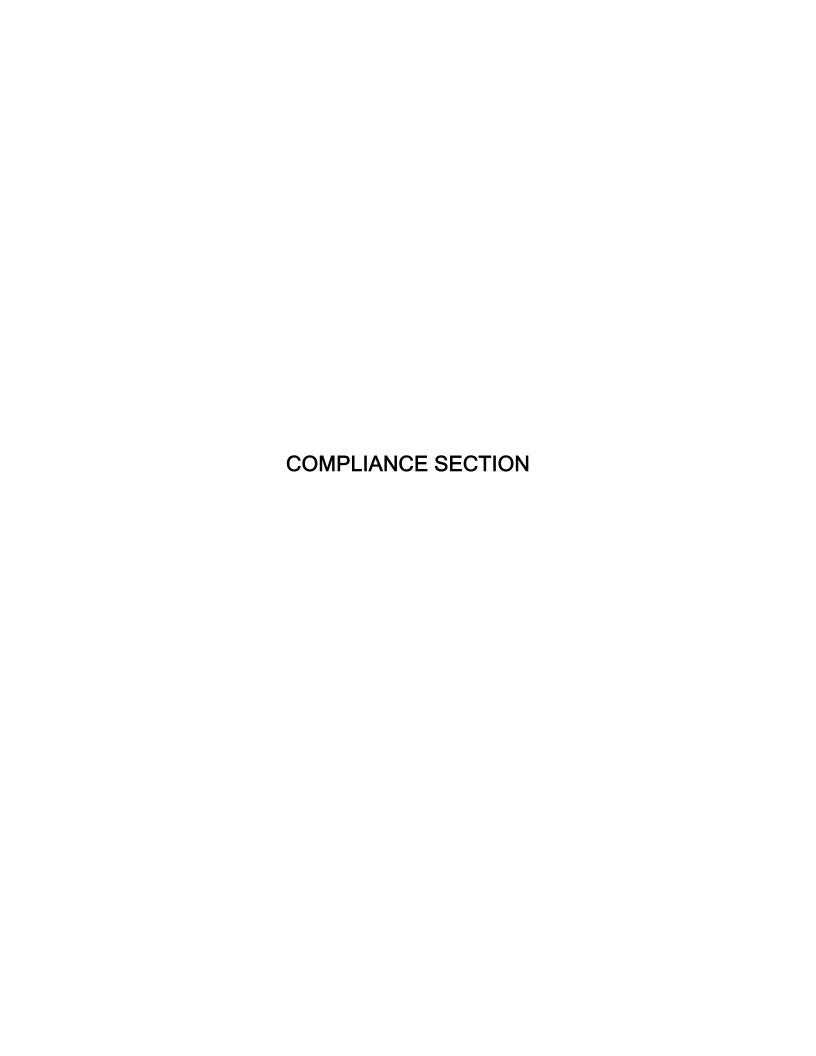

### **NOTE 2 - SUB RECIPIENTS**

No federal awards were provided to subrecipients.

### NOTE 3 - COMPUTATION OF FEDERAL EXPENDITURES

Federal expenditures for the Economic Adjustment Assistance Program were calculated in accordance with the U.S. Office of Management and Budget July 2022, Compliance Supplement, as follows:

|  | EDA<br>Revolving<br>Loan Fund | EDA2<br>Revolving<br>Loan Fund | EDA3<br>Revolving<br>Loan Fund |

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners Redwood Region Economic Development Commission Eureka, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Redwood Region Economic Development Commission, (the "Commission"), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated February 15, 2023.

In our report we issued an adverse opinion because the Commission prepared the financial statements on the basis of the financial reporting provisions of the Economic Development Administration, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting and accounting principles generally accepted in the United States of America are presumed to be material. However, our report also stated that the financial statements present fairly, in all material respects, the respective regulatory basis financial position of each major governmental fund of the Commission as of June 30, 2022, and the respective regulatory basis changes in financial position thereof for the year then ended, on the basis of accounting described in Note 2.

### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Commission's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Harshwal & Company LLP

San Diego, California February 15, 2023

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REPORTING REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Commissioners Redwood Region Economic Development Commission Eureka, California

### Report on Compliance for Each Major Federal Program

### Opinion on Each Major Federal Program

We have audited Redwood Region Economic Development Commission's (the "Commission") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Commission's major federal programs for the year ended June 30, 2022. The Commission's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Commission complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Commission and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Commission's compliance with the compliance requirements referred to above.

### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Commission's federal programs.

### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Commission's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Commission's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
  and perform audit procedures responsive to those risks. Such procedures include examining, on a
  test basis, evidence regarding the Commission's compliance with the compliance requirements
  referred to above and performing such other procedures as we considered necessary in the
  circumstances.
- Obtain an understanding of the Commission's internal control over compliance relevant to the audit in
  order to design audit procedures that are appropriate in the circumstances and to test and report on
  internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of
  expressing an opinion on the effectiveness of the Commission's internal control over compliance.
  Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## REDWOOD REGION ECONOMIC DEVELOPMENT COMMISSION SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2022

#### SECTION I - SUMMARY OF AUDITOR'S RESULTS

Type of auditor's report issued:

Generally accepted accounting principles basis of accounting

Adverse

Regulatory basis of accounting

Unmodified

Internal control over financial reporting:

Material weakness(es) identified?

Significant deficiency(ies) identified?

None reported

Noncompliance material to financial statements noted?

Federal Awards

Internal control over major programs:

Material weakness(es) identified?

Significant deficiency(ies) identified?

None reported

Type of auditor's report issued on compliance for major programs:

Unmodified

Any audit findings disclosed that are required to be reported in accordance with

Section 200.516(a) of the Uniform Guidance?

Identification of major programs:

Assistance Listing Number (ALN) Name of Federal Program or Cluster

11.307 Economic Development Administration (EDA) Cluster

Dollar threshold used to distinguish between type A and type B programs: \$750,000

Auditee qualified as low-risk auditee?

# REDWOOD REGION ECONOMIC DEVELOPMENT COMMISSION SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2022

### SECTION II - AUDIT FINDINGS IN RELATION TO FINANCIAL STATEMENTS

There were no findings related to the financial statements for the fiscal year ended June 30, 2022.

## REDWOOD REGION ECONOMIC DEVELOPMENT COMMISSION SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2022

### SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

There were no findings and questioned costs related to federal awards for the fiscal year ended June 30, 2022.

### REDWOOD REGION ECONOMIC DEVELOPMENT COMMISSION SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2022

| FINDING  | PRIOR YEAR AUDIT FINDINGS                            | STATUS   |
|----------|--|----------|
| 2021-001 | Financial Statement Misstatement - Material weakness | Resolved |
| 2021-002 | Conflicts of interest                                | Resolved |
